ATLANTIS™ Abutment, titanium

\$560 with PFM crown (includes non-precious alloy)

Pricing above includes soft tissue modeling

Available for all major implant systems and in the materials you want, ATLANTIS™ patient-specific abutments are designed to replicate natural prepared teeth, making implant treatment as simple and predictable as traditional crown and bridge dentistry.

Eliminate the need to inventory parts. Just take an implant-level impression and send it to us. Uniquely designed from the final tooth shape, ATLANTIS™ abutments provide optimized esthetics and function.

Call us at 800-850-0118 and ask for an ATLANTIS™ abutment on your next implant case and take advantage of our special offers!

All trademarks are the property of their respective owners. Special offer cannot be combined with any other offers or discounts. Additional shipping charges and taxes may apply. Cannot be exchanged for cash value. Offer valid for a limited time only and order must be placed through Universal Dental Laboratories Ltd.
